

Hello, world!

Welcome to My Landing Page - Build with Bootstraps

Web Programming Assignment

Let's Start

This page was build with :

My Activity :

Study

Learn and keep learning to get information that is not yet known and always strive for never give up in learning.

Last updated 3 mins ago

Coding

What has been learned, it needs to be implemented and I try to implement it through coding that is so complicated but can be enjoyed by everyone comfortably and beautifully.

Last updated 23 mins ago

Coffee

Drinking coffee is only for distraction from the fatigue of coding and hoping that after resting with coffee it will get a new inspiration.

Last updated 53 mins ago

Student

Information Technology

A student from the State Islamic University of Walisongo Semarang who took a major in Information Technology and became the first generation in 2018. Introduce myself :
